DISCLAIMER NOTE: While every attempt has been made in preparation of these plans to avoid mistakes, Owens Design cannot guarantee against human error or other variances from standard construction practices and techniques. Consequently, the homeowner and the contractors on the job site must check all dimensions, details, and applicable building codes for compliance and acceptability. Therefore all written dimensions rule over scale of the plan. Contractor is responsible for final verification of structural integrity and material list quantities. All Federal, State, and Local codes, Ordinances, Regulations Etc. shall be considered as part of the specifications for this building, and shall take preference over anything shown, described, or implied where same are at variance.
DISCLAIMER NOTE: While every attempt has been made in preparation of these plans to avoid mistakes, Owens Design cannot guarantee against human error or other variances from standard construction practices and techniques. Consequently, the homeowner and the contractors on the job site must be prepared to correct any construction discrepancies that may arise. Owens Design suggests the use of approved plans and specifications to ensure compliance with applicable building codes for compliance and acceptability. Therefore all written dimensions rule over scale of the plan.

Contractor is responsible for final verification of structural integrity and material list quantities. All Federal, State, and local building codes apply, and shall take preference over anything shown, described, or implied where same are at variance.

PROJECT NAME: 
PLAN NAME: 

ELEVATIONS
FRONT ELEVATION
SCALE: 1/4"=1'0"
ELEVATIONS ARE CONCEPTUAL ONLY AND DO NOT REFLECT FINAL PRODUCT.

REAR ELEVATION
SCALE: 1/4"=1'0"
